

{//}

1. حان الوقت لنعود لمساعدة أصدقائنا الصغار على جعل رحلة تعلمهم أكثر متعة، ولذلك سنقوم بعمل برنامج يتفاعل معهم بالطريقة التالية

```
Enter a word: Codezilla
Does the word start with a vowel? 😞😞
NO
-----
Bravooo! 🎉🎉🎉🎉
Codezilla does not start with a vowel 😞😞😞
```

```
Enter a word: Orange
Does the word start with a vowel? 😞😞
yes
-----
Bravooo! 🎉🎉🎉🎉
Orange starts with a vowel 😞😞😞
```

```
Enter a word: CODEZilla
Does the word start with a vowel? 😞😞
Yes
-----
Let's try again 😊😊😊
```

{codezi//a}

{//}

يمكنك إذا لم تصل للإجابة، أن تحاول مرة أخرى بمساعدة الخطوات التالية

```
# get input from user

# vowels
vowels = 'aeoui'

# first letter of word

# check if first letter is in vowels and guess is yes

# check if first letter is not in vowels and guess is no
```

{codezi//a}

{//}

```
# get input from user
word = input("Enter a word: ")
guess = input("Does the word start with a vowel? 🐶🐶\n").lower()
print('-'*20)

# vowels
vowels = 'aeoui'

# first letter of word
first_letter = word[0].lower()

# check if first letter is in vowels and guess is yes
if (first_letter in vowels) and (guess == 'yes'):
    print('Bravooo! 🍌🍌🍌🍌')
    print(f'{word} starts with a vowel 🐶🐶🐶')

# check if first letter is not in vowels and guess is no
elif (first_letter not in vowels) and (guess == 'no'):
    print('Bravooo! 🍌🍌🍌🍌')
    print(f'{word} does not start with a vowel 🐶🐶🐶')
else:
    print('Let\'s try again 🐶🐶🐶')
```

{codezi//a}
